1. The amendment filed on April 28, 2008 is entered and made of record.
2. On page 5, the applicant stated:

Thus, FIG. 36C of Okubo is merely an enlarged view showing a rise corresponding to an edge, and is merely directed to detect edges out of a blurred image by obtaining a blur level "k." Specifically, FIG. 36C of Okubo merely identifies a geometric range of the blur, wherein the horizontal axis of FIG. 36C illustrates a position of the pixel. Note that the horizontal axis of FIG. 36C states "POSITION(PIXEL)," and the vertical axis states "STRENGTH." In contrast to Okubo, claim 1 recites, "setting a **specified pixel value range** which is positioned between representative pixel values of two regions in said inspection images and/or said reference image, said two regions corresponding to "14~Vo kinds of regions on said object." As an illustrative and non-limiting example of the "**specified pixel value range**" of claim 1, please note range 63 in FIG. 6 for a bimodal distribution, wherein the horizontal axis states "PIXEL VALUE" and the vertical axis states "FREQUENCY." In other words, the specified pixel value range of claim 1 is a range of pixel values. **Thus, the "specified pixel value range" of claim 1 has nothing to do with Okubo's geometric position of the pixel.**

The examiner agrees with the applicant and found no applicable prior art and suggestions disclosing such features.

### REASONS FOR ALLOWANCE

Claims 1, 2, 5—7, 10 – 14, 17 – 19, 21, 22 and 24 – 33 are allowable. The following is an examiner's statement of reasons for allowance:

Art Unit: 2624

With regards to claim 1, the examiner cannot find any applicable prior art and suggestions disclosing setting a specified pixel value range which is positioned between representative pixel values of two regions in said inspection images and/or said reference image, said two regions corresponding to two kinds of regions on said object in combination with the rest of the limitations of claim 1.

With regards to claims 6, 13, 18 and 24, see the rationale for claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
